

**Job Title:** Software Engineer Trainee

**Vacancies:** 10

**Location:** Mohali, Punjab

**Skills :** OOPS concepts, Knowledge of Sql Database, and C#,

**Salary:** upto 6 LPA

Are you a passionate and skilled individual eager to kickstart your career as a Full Stack Software Developer? Are you enthusiastic about working in a dynamic environment where you can leverage cutting-edge technologies to tackle complex challenges? If so, we have an exciting opportunity tailored for you!

As a Full Stack Software Developer, you will play a crucial role in designing, developing, and maintaining enterprise-level applications. You'll be working with cutting-edge technologies such as ASP.Net, C#.Net, HTML5, Javascript, JQuery, CSS, and MS SQL to create innovative software solutions. This role offers an excellent learning environment and the chance to collaborate with cross-functional teams on challenging projects.

### **Responsibilities**

- Collaborate with cross-functional teams to design, develop, and implement software solutions
- Write clean, scalable, and reusable code using ASP.Net, C#.Net, HTML5, Javascript, JQuery, CSS, and MS SQL
- Participate in code review sessions and actively contribute to improving code quality
- Debug and troubleshoot software issues, offering effective solutions
- Ensure timely delivery of software while adhering to quality standards
- Develop and maintain technical documentation for software applications
- Stay updated with the latest technologies and industry trends
- Constantly communicate with product stakeholders (project manager, clients, and peers) to provide project progress updates

### **Requirements**

- Bachelor's degree in Computer Science, Software Engineering, or related fields
- Strong understanding of ASP.Net, C#.Net, HTML5, Javascript, JQuery, CSS, and MS SQL
- Excellent analytical and problem-solving skills
- Effective communication and interpersonal abilities
- Experience in developing enterprise-level applications (optional, freshers are also welcome to apply)

We offer a competitive salary package and a dynamic work environment. If you are passionate about developing innovative software solutions and want to be part of a dynamic team, please apply with your updated resume.

**About us** - Xorosoftware is an industry leader in cloud-based ERP solutions! Our company was founded on the idea of providing retailers, wholesalers, E-commerce brands and manufacturers with the tools and resources they need to succeed. We believe that no business should be limited by the technology they use. Our team of experienced developers is dedicated to creating cutting-edge technology that empowers our clients to achieve their business goals.

**Headquarters** - Burnaby, BC

**Branch Office** - Mohali, Punjab

**Website** - [www.xorosoftware.com](http://www.xorosoftware.com)

As a rapidly growing organization, we are always on the lookout for talented individuals who are passionate about technology and innovation. We believe that your university has a pool of such talented students who would make a valuable addition to our team. We are particularly interested in recruiting Tech Support Interns and Software Developer Interns who can help us achieve our vision of creating next-generation software solutions. As an intern at Xorosoftware, you will have the opportunity to work on exciting projects, learn from experienced developers, and gain hands-on experience in the software development process.
